

ElimuCode

Een week programmeren met jongeren uit de slums van Nairobi.

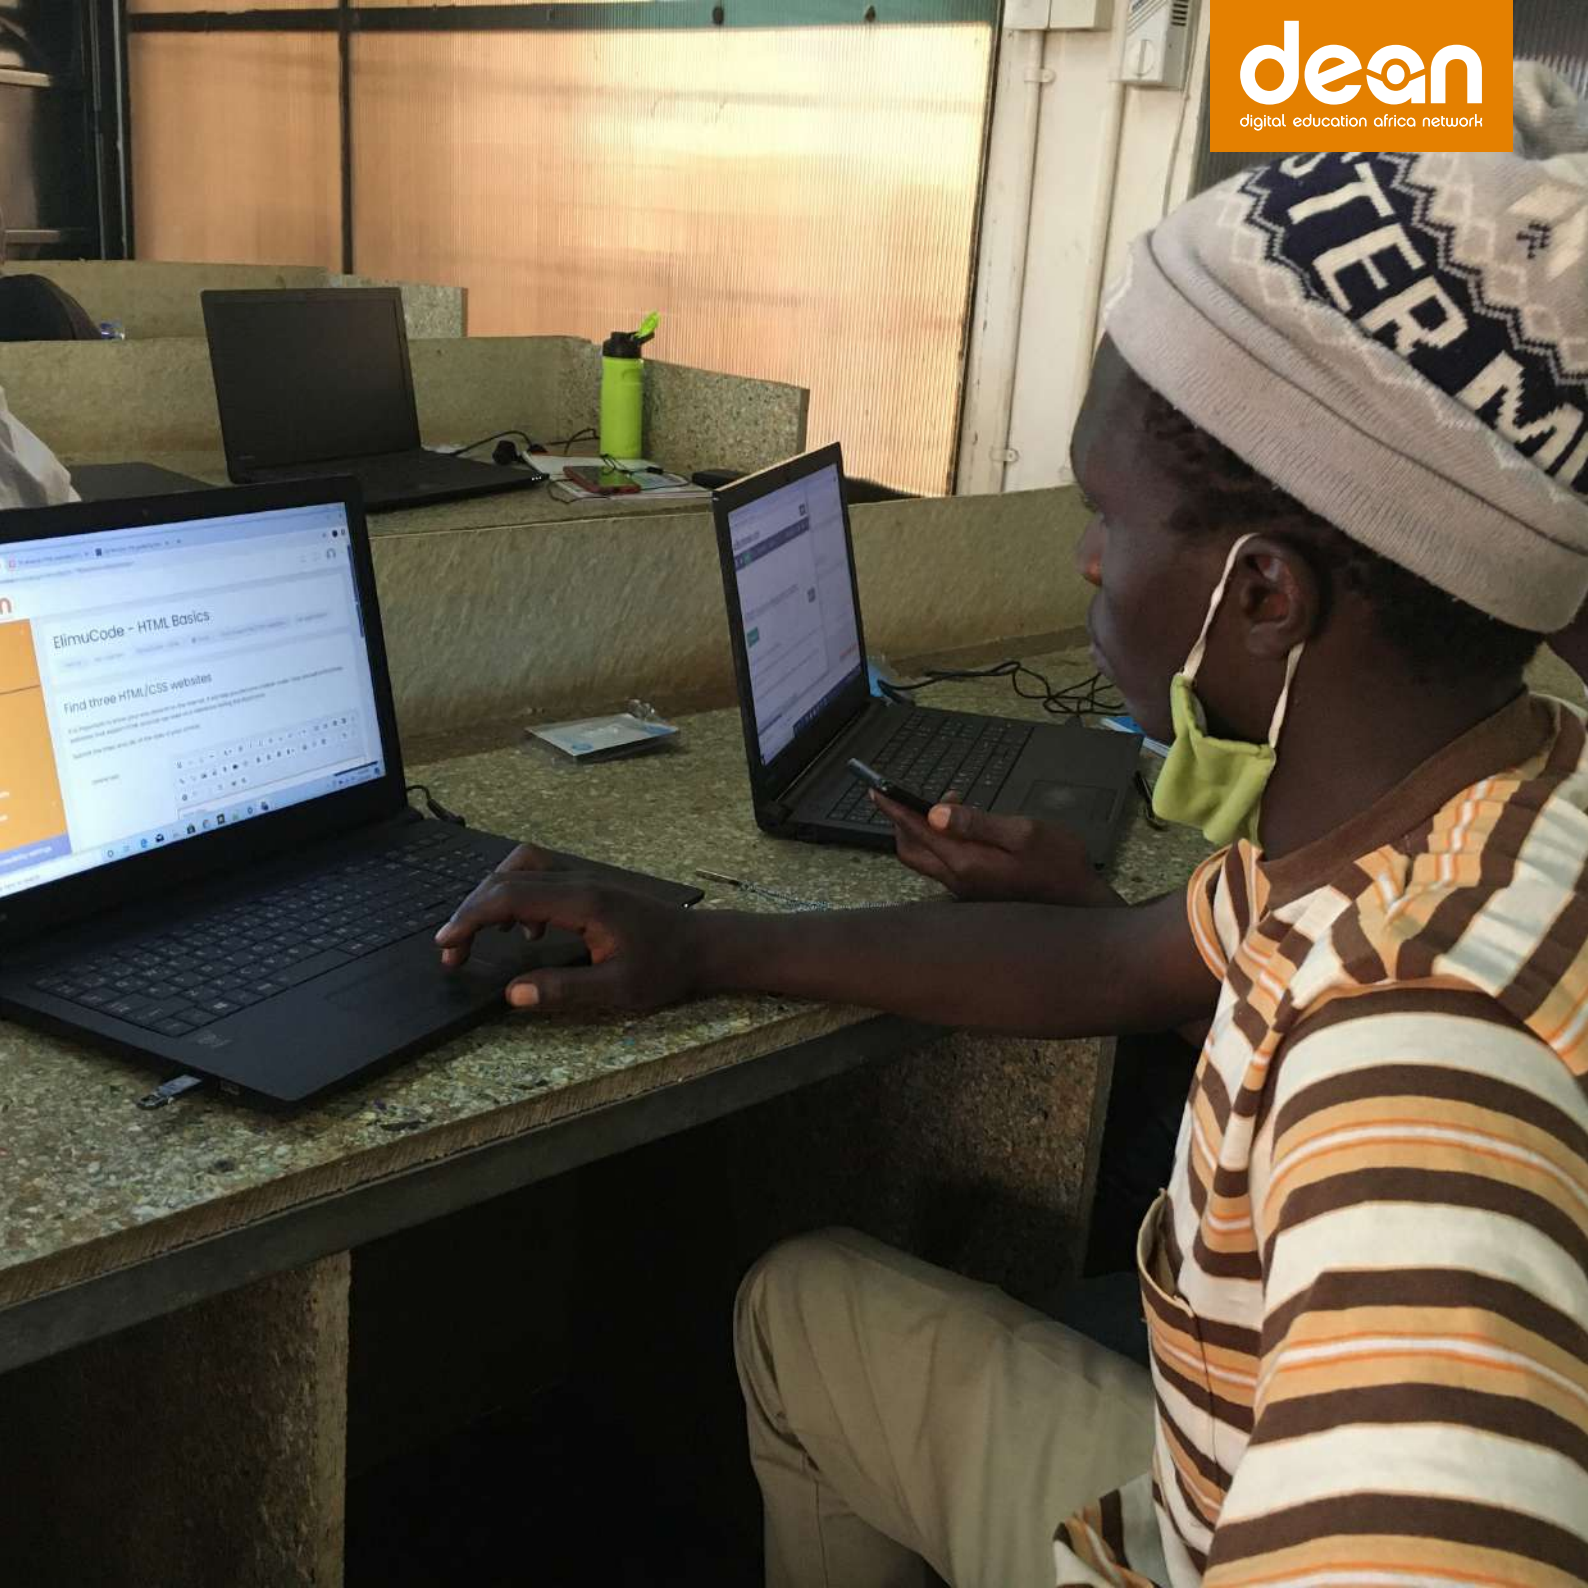

"I have always wanted to make a website for our community youth group, but I did not know how to, with the new skills the dream of website for my youth group is now a reality" – Ikolomani

"The beauty of coding is we can use the same line of thinking to solve day to day life problems. One code at a time"- Neema

"I want to thank DEAN and HNP for a great week of coding, I was afraid that coding is reserved for university students because of its complexity, everyone can code" - Kariuki

"I was abit scared of attending a coding class, DEAN trainer chased away my fear and now I have learnt how to code, As-ante sana" - Seline

"I am happy that I attended the coding boot camp ,I have learnt coding skills,21st century skills and also expanded my network and net worth" -Maimuna
